

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of media consolidation and illegal as per campaign finance legislation. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. It is not in the public interest to present one-sided opinions that reflect the political leanings of Sinclair Broadcasting. We need accurate and complete coverage of all sides of election issues if the people are to be empowered to make reasoned decisions when they vote. A brainwashed public that thinks they are getting news, when all they are getting is indoctrination into a media magnate's political preferences, is not an informed public capable of voting intelligently. As a citizen of the United States and a resident of Milwaukee, WI, I object to the illegal use of my airwaves to libel one candidate in a political election, while refusing to present other points of view. I request that the FCC stop the showing of the slanderous polemic entitled "Stolen Honor" within the two weeks preceding the presidential elections. If WCGV and WTVV insist upon showing this production, I request that their license be revoked. They do not deserve to use my airwaves. Thank you. Rozanne Screven
